

Discover **Keralite**[®]

THE BEAUTY OF **FIRE**
THE ELEGANCE OF **GLASS-CERAMIC**

eurokera

SINCE 1665

51.2 billion (€) in sales in 2022

168,000 employees

A manufacturing presence in
75 countries

CORNING

SINCE 1851

14.8 billion (€) in sales in 2022

61,000 employees

eurokera

In 1990, **Saint-Gobain and Corning** joined forces to create EuroKera. The French historical glass manufacturer, Saint-Gobain, combined their knowledge with the ingenuity of the American technical **glass expert**, Corning.

INNOVATORS OF GLASS-CERAMIC SOLUTIONS

We design and manufacture **innovative** and **high-performance glass-ceramic solutions** to improve daily life while creating sustainable value.

We want to **create sustainable value** for our people, our customers and stakeholders.

OUR LOCAL FOOTPRINT AND INTERNATIONAL NETWORK

With a diverse presence working in 6 countries supported by the **world's largest glass ceramic melting tank** and 4 finishing facilities, **EuroKera** is one of the world's leading **innovators** of glass ceramic solutions.

FROM THE **KITCHEN** TO THE **FIREPLACE**

Our passion for
cooking drives
innovation that takes
us beyond **kitchen**
products and into the
living room.

KERALITE®

THE ONE MATERIAL THAT PROVIDES SAFETY AND COMFORT

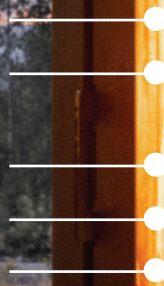

Transparent glass-ceramic meets the requirement for domestic heating appliances, such as fireplaces, freestanding stoves and fireplace inserts

Thermal expansion coefficient close to 0

Withstands temperature levels up to 700°C (1292°F) in continuous use

Withstands high thermal shocks

UL component certified

REFLECTIONS

THERE IS BEAUTY IN
THE DARKNESS

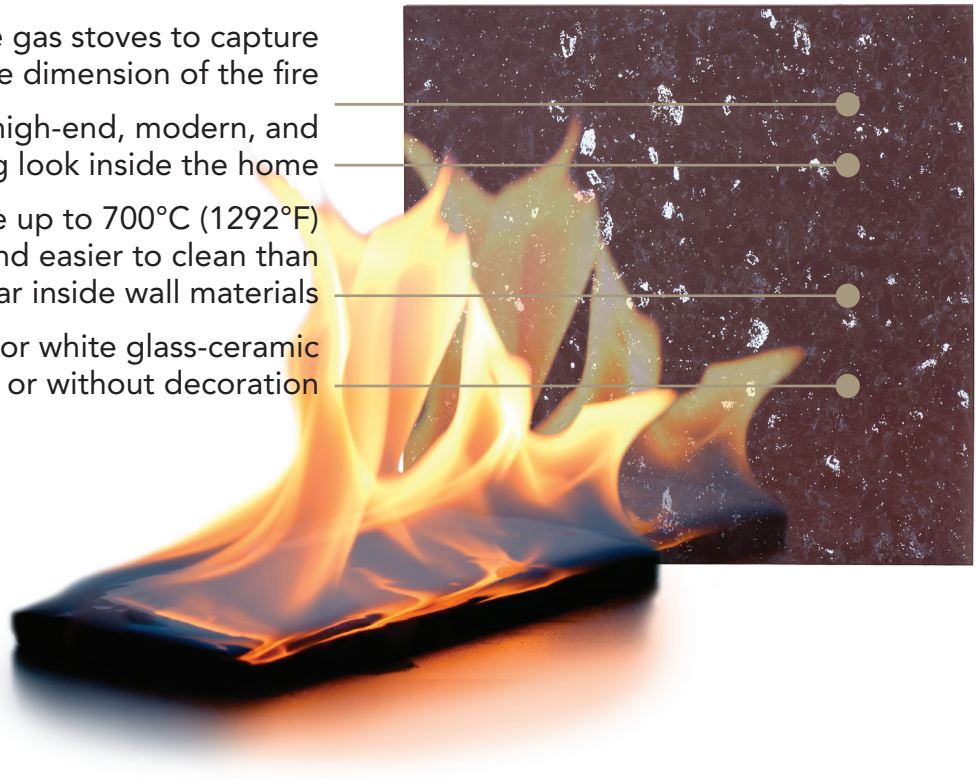

Enhance the effect of the fire's
flame with this opaque **reflective**
glass-ceramic.

Used as a liner inside gas stoves to capture
the entire dimension of the fire

Provides high-end, modern, and
long-lasting look inside the home

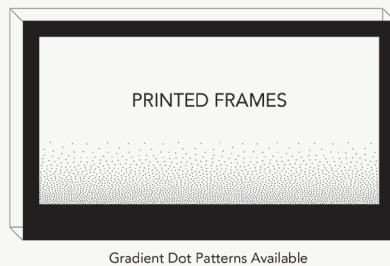

Thermal resistance up to 700°C (1292°F)
in continuous use and easier to clean than
most regular inside wall materials

Available in black or white glass-ceramic
with or without decoration

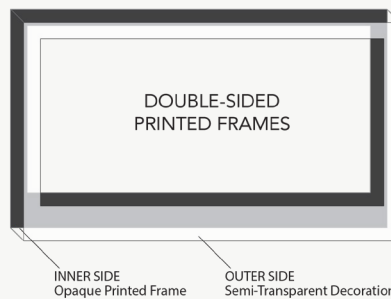

OPTIONS

PRINTING OPTIONS

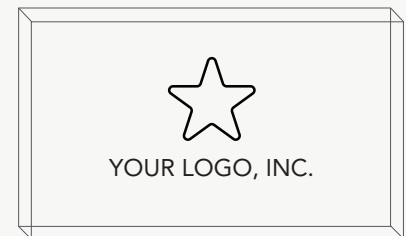

OPAQUE FRAMES

A masterpiece needs a frame.
Wide range of gradient dot
